TOWN WARRANT

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, and in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Town House in said Town on Tuesday, the thirteenth day of March next at nine o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year, including two members of the Board of Selectmen, one to serve three years and one to serve for two years.

2. To bring in your ballots upon the question as to whether the amendment proposed by the convention to revise the constitution shall be approved.

3. To raise and appropriate such sums of money as may be necessary for the support of schools, for maintenance of the poor, for the repair of highways and bridges, and other Town expenses for the ensuing year and for Memorial Day.

4. To see how much money the Town will vote to raise for the Goffstown Public Library.

5. To see if the Town will vote to raise and appropriate the sum of fifty-five hundred dollars, as recommended by the State Highway Commissioner for the maintenance of our state highway, the state to furnish an equal sum.

6. To see what sum of money the Town will vote to raise for improvements in cemeteries.

7. To see what sum of money the Town will vote to raise for improvements at Barnard Playground.

8. To see if the Town will vote to install and maintain an electric light at Bartlett's Corner, so-called, and raise and appropriate money for the same. Said article is inserted by petition of H. K. Libbey and twenty others.

9. To see if the Town will vote to install and maintain three electric lights on College Road, so-called, one at the cross road in front of A. S. Tirrell's house and two more between the Kimball place, so-called, and Mrs. Lynch's house. Said article is inserted by petition signed by George G. Cross and thirteen others.

10. To see if the Town will vote to raise and appropriate the sum of four hundred dollars for the suppression of the White Pine Blister Rust, the State to add twenty-five per cent.

11. To see what sum of money the Town will vote to raise for addition to the sewer fund.

12. To see if the Town will vote to discontinue as much of the highway leading from the Cram Road, so-called, to the base of the Uncanoonuc mountain, as was laid out by the Selectmen, July 27, 1907.

13. To hear the reports of Agents, Auditors and Committees, and pass any vote relating thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fourth day of
February, 1923.

BOARD OF HEALTH.

During the past year forty cases of contagious diseases have been reported to this office. Samples of water from a number of wells have been sent to the State Laboratory for examination. The water from our Village reservoir has had four examinations at different seasons of the year and reported to be of excellent quality. Many complaints of nuisances have been investigated and abated.

We most urgently advocate a system of sewage drainage for the West village, and think a beginning should be made at once with money already raised for the purpose, and a goodly sum raised each year for its completion.

We particularly call your attention to the following items from a recent bulletin issued by the N. H. State Board of Health:—

Everyone Should Know

That Whooping Cough is a dangerous disease, particularly for young children.

That there were more deaths in 1921 from Whooping Cough than from any other disease of childhood except

Diphtheria. Whooping Cough caused one third more deaths than did Scarlet Fever, and more than four times as many as did measles in New Hampshire during 1921.

That a child with Whooping Cough should have the best of care and attention to avoid getting Pneumonia or other serious complications.

That the parents of children suffering with Whooping Cough should make every effort to prevent ill children from coming in contact with well children.

That failure to keep a child sick with Whooping Cough separated from well children may make one responsible for a death in the family or in the family of a friend.

That the safest course to pursue when a child is thought to have Whooping Cough is to consult the doctor and health officer.

The younger a child is when he has Whooping Cough, the more liable he is to die.

Whooping Cough is more fatal in children under five years of age.

ROBERT M. GORDON,
Health Officer.

REPORT OF LIBRARY TRUSTEES.

The reports of the Librarian and Treasurer will show that the Library still continues to grow. During the past year an effort has been made to arouse an interest in the more solid reading.

It will be greatly appreciated if the public will suggest books that may be added to our shelves.

Respectfully submitted,

MARY A. WARREN, *Chairman.*

BESSIE B. PARKER, *Secretary.*

W. E. BLAISDELL, *Treasurer.*

EDITH P. HADLEY.

DR. E. B. SWETT.

REPORT OF SUPERINTENDENT OF INDEPENDENT SCHOOL DISTRICT.

Goffstown, February 15, 1923.

To the School Board and Citizens of Goffstown Independent School District:

The year since the last annual report has seen but little change in the school program. To our good fortune there has been no change in the teaching staff. Added to the splendid ability, as shown in their respective classrooms, the eight teachers co-operate in such a way in the general care and supervision of the building, that well-ordered schools result.

The total enrollment for the year under review is 242; that of the preceding year was 225. This is an increase of 17. This increase is a constant factor, and any visitor now will see at once the lack of accommodations. In the lower hall there is far from sufficient room for caps, coats, wraps, etc. The hooks are so close that clothing overhangs in a way that is most unsanitary. The girls' coat room on the second floor is dark, unventilated, and small.

Last fall the school at "Parkers" was opened; this took a number of pupils from the lower grades. Had it not been for this, the lower primary room would have scarcely been able to take care of the pupils in attendance. The other rooms are in a quite like state, having a very small margin, if any, in seating capacity. With the crowded condition of the rooms, the matter of proper heating and ventilation is a very serious one. The science, stenography, and book-keeping classes meet in an improvised classroom, where the best of work is very difficult to obtain.

With its proximity to Manchester and its desirability as a place of residence, Goffstown is bound to have steady growth, which will mean an increase in the school population. The district should begin seriously to consider this building proposition for to wait until the old building is completely outgrown will mean inconvenience and lack of proper standards of work. Especially, consideration should be begun, because it will take considerable time before plans can be matured and the building an accomplished fact.

As to the expense of schools. It is sometimes felt that the schools are increasing in cost in an unwarranted way, the budget being so far in advance of what it was a few years ago; and sometimes it is believed that the "overhead" is responsible for this. An examination of report indicates otherwise. Taking the the State as a whole, more is spent for janitors' salaries than is spent for supervision. The big item in the budget is that for teachers, and this cannot be any less. Desirable teachers do not have to look very far before they can secure a better salary than is paid here. We ought not to expect any reduction in the item for teachers.

Also, the cost for books and supplies has materially increased over a few years ago; both books and supplies run so largely into paper materials, which increased so tremendously during the war period, and as yet have undergone comparatively slight reduction. In fact, representatives of publishing concerns tell us that prices are bound to advance again. Whether that be true or not, we cannot expect in this item of books and supplies any further reduction, if the pupils are to have the bare essentials for school work. With the amount asked for in the budget presented for the coming year, it means that Goffstown will spend per pupil for books and supplies just at the average for the State, which is about \$3.00 per pupil.

Fuel costs have also increased, and in this direction there is not much promise for any substantial reduction. These four items—teachers, books and supplies, janitors, and fuel

are the largest in the budget; and none of these at present offers any chance for reduction.

Medical inspection has been carried on this year by Dr. Luther G. Dearborn, and the school visitations and follow-up work, by the school nurse, Mrs. E. M. Barker. The value of this work is apparent to anyone familiar with the results. This whole work aims at prevention and improvement.

Much value could be added to the school playground by an investment in a small amount of apparatus, such as a slide, swings, and teeter for the lower grades, and perhaps equipment for volley-ball and basket-ball for the upper grades in high school.

I desire to express my appreciation to the members of the Board and the teachers, and others who, by suggestion and information, have helped to familiarize me with the work which I have undertaken for the past half year.

Respectfully submitted,

J. BYRON TARNEY,
Superintendent.

REPORT OF SUPERINTENDENT OF TOWN SCHOOL DISTRICT.

GOFFSTOWN, N. H., Feb. 15, 1923.

To the School Board and Citizens of the Goffstown Town School District:

During the past year there has been but comparatively little change in the school program. Most of the teachers have previously taught where they have been teaching the past months, and the two new teachers both have had experience before coming here.

Last fall the school building at Parkers was remodelled, and school opened there in September. This was required to take care of the pupils in that particular neighborhood, and also because of the crowded condition of the Goffstown schools made it almost necessary for the town to provide for its own, rather than pay tuition. This present season schools are conducted at Shirley Hill, Parkers, Paige Hill, Grasmere, East Part, and at the Bartlett School.

Most of the buildings are in fair condition. The one most needing attention is the building at East Part, which is unfortunately situated; and on account of the tall trees surrounding it and of small window space, the building has never had sufficient light. Improvements are under way now which should remedy this condition in part.

Medical inspection has been carried out this year by Dr. Luther G. Dearborn, and the follow-up work and school visitation by the school nurse, Mrs. E. M. Barker. The value of this work is apparent to one who is familiar with results, and is vastly worth the amount invested in it.

As to the cost of schools. Now and then some person may become a little nervous over the amount spent for schools, comparing the present budget with that of years ago. The feeling is that there is lack of economy, or a careless handling of funds. It should be borne in mind that it is not only the schools that have increased in cost. That they have increased is not in question, but it is only a part of the increased cost of everything. A few items in the budget account for a large percentage of the budget. The item of teachers is by all odds the largest single item. The increase has been gradual, steady, and permanent. The town can no longer expect reduction here, if it is to secure and retain services of desirable teachers.

The average for the state spent for books and supplies per pupil is approximately \$3.00. This district has spent less than that; and when one considers that this \$3.00 covers expenditures for all books the pupil uses, all papers of every sort, composition books, pencils, pens, rulers, erasers, and everything used, this amount seems far from extravagant. The fact that so much of school supplies have to do with paper and printing is responsible for much of the cost, for these prices, which were advanced during the war period, have reduced some but not radically, and we cannot expect any marked reduction here.

As to the amount spent for "overhead" and supervision, it is not amiss to note that for the State as a whole more is spent for janitors' salaries than for supervision. Fuel costs have also increased steadily for the last few years.

I wish to express my appreciation to the Board, and the teachers, and others who have helped me to familiarize myself with the work as I have taken it up.

Respectfully submitted,

BYRON TARNEY,
Superintendent.

Last Report 164

This Report 185

REPORT OF THE SCHOOL BOARD OF THE TOWN DISTRICT.

We hereby submit the seventy-second annual report of the Town Schools, the forty-second of the School Board, and the fourth under professional supervision.

On March 7, 1922, Mr. Howard L. Winslow tendered a resignation of the superintendency of this District. As other business demanded his attention this action seemed necessary.

A special meeting of the Supervisory Union was called at Goffstown on March 22. The resignation was accepted. While we regret the loss of Mr. Winslow's services we all join in wishing him the best of success in a new field.

Mr. George O. Smith of Marlborough was elected Superintendent for the balance of the year and continued the work laid down by Mr. Winslow.

May 16, the annual meeting of the Union was held in the Bartlett school rooms and Mr. J. Byron Tarney of Manchester was elected Superintendent for the ensuing year.

On the afternoon of June 9 a class of twelve pupils completed the work required in our schools and were given certificates of graduation, the exercises being held in the Town hall at Grasmere.

We wish to commend the Superintendent and teachers for their work during the year and to thank the Selectmen for favors received.

We refer to the reports of the Superintendent, Truant Officer and Treasurer for information relating to the condition of our schools, finances, etc.

The annual school meeting will be held in the schoolhouse at Grasmere on Saturday afternoon, March 17. All voters of the District are invited to be present.

REPORT OF CEMETERY TRUSTEES.

The Trustees have expended quite a sum of money in surveying and grading the remaining land to the ravine. This will give us about thirty-eight additional lots, several of which have already been sold. There will soon be a demand for more lots and more money will be needed to improve the ravine and perhaps build a foot bridge across it to reach the lots to the west.

At Grasmere, the fence is in need of repairs and will very soon have to be replaced with a new one, which should be of iron. More land is also needed and something should be done at once to acquire it.

The Perpetual Care Fund continues to grow, much to the satisfaction of the Trustees, and we hope it will continue to do so in the future.
